

COMMERCIAL BANK
Member FDIC

Welcome Valued Customer,

We are thrilled to welcome you into the Commercial Bank family. For more than forty years, we have proven our commitment to serve the Claiborne County community and help improve the lives of the people, families, and businesses that make the area great. Recently, we opened a Morristown branch that combined with the Citizens branch will bring that love of community to the Hamblen County area as well as introduce technologies, products, and services that will help those new customers thrive and grow.

We stand behind the Commercial Bank mission: to create positive experiences for every customer, every day. However, please keep in mind as we transition systems, a few extra steps may be necessary to serve you properly. Rest assured that we are working hard to make this conversion as easy as possible.

During this change, you will still have friendly familiar faces waiting to serve you at your favorite branch, though you will gain access to twenty-four other branches to serve you. Also, you will continue to use the same checks, call the same phone numbers, and access internet banking the same as you are accustomed. For more information on Commercial Bank, please visit our website or join one of the many conversations through our social media channels by joining LinkedIn, Twitter, or Facebook.

Sincerely,

Adam Robertson, *President*

Life. Made Better.
